Other points of interest –

Monthly Police Report - There were no police officers present but PCSO Norville had sent information on a PACT open day to be held in Magor on Saturday 7th June which will cover the wards of Caerwent, Caldicot, Magor & Undy, Portskewett and Rogiet. They are hoping to invite Dr Bike to the event, a charity run by Cycle Training Wales. They have fully trained mechanics and a collection of spare parts to use on the day to service and repair push bikes so that they are road worthy and safe. Council considered and agreed to donate £33.75 towards this.

Public Toilets - Council considered the replacement of the windows to the rear and the installation of a ceiling and insulation in the back room. It was agreed to seek quotes for works to include the painting of the metal window to the front. It was also reported that since we had arranged for a new water meter to be installed in November 2013 the consumption had dramatically reduced.

Gwent Best Kept Village Competition 2014 - Council considered and agreed participation for the village of Llanfair Discoed.

Flooding problems at Crick are being dealt with. Works will be starting on 28th April with new gullies and pipework on A48. Council agreed to thank the Highways Manager and his staff, Steve Lane and Ryan Pritchard. MCC has confirmed that it cannot get involved in any issues on MoD land.
